MEMORANDUM FOR: Contracting Officer, DPS/DCI 15 August 1958

SUBJECT : Contract No. AF33(600)-37819.

I have held this contract with [REDACTED] and have not sought the Director's signature because in the light of current developments I question whether we should obligate [REDACTED] for GUSTO this early in the year. There is but little work in progress at [REDACTED] just now on GUSTO and it is not clear how much work there will be in the future. I suggest you discuss this matter with [REDACTED] and modify this contract to obligate a considerably smaller sum as you and he might decide to be appropriate. I will make an effort to get it approved promptly upon my return.
